BELUGA NOBLE

Pure Excellence

Beluga Noble is the ultimate in refinement, in every sense of the word and right down to the smallest detail. Beluga Noble offers an inimitably rich taste, thanks to our exclusive production technique that combines innovation and age-old traditions.

Exceptional malt spirit and pure water from artesian wells in Siberia ensure a full, rich flavour. Honey, oat infusion, milk-thistle extract and vanilla complete this satisfyingly multi-faceted and superbly controlled taste.

Ageing: 30 days

The distinguished character of Beluga Noble is impeccably reflected in an elegant bottle design with handcrafted elements. A small beluga fish – our emblem – is attached by hand to adorn each bottle, making it a unique item.

Beluga Noble vodka is produced in the heart of Siberia, in a region rightly known for its unpolluted environment. This wise choice has positioned our vodka as the leading name on the Russian spirits market today.

Beluga. Made with pride.

Proof: 40°

Packing: 6-bottle case
