BELUGA CELEBRATION

We are proud to present Beluga Celebration, created in honour of our historic distillery in Mariinsk – founded in 1900 – where we still produce vodka in the traditional way. We have upheld ancient artisanal know-how while integrating new technology to help us obtain a product of rare purity. The water used for Beluga Celebration comes from a 300-metre deep artesian well and the ingredients are sourced in Siberia, an unpolluted environment that gives our vodka its world-renowned superior quality.

Combining tradition and innovation has enabled us to develop a unique and authentic spirit in the purest tradition of Russian vodkas.

Celebration is an ode to the history of our country and to our distillery – we are proud to share it with you.

Beluga. Made with pride.

Proof: 40°

Packing: 6-bottle case
