Fine Jamaican Rum

### BLACKWELL

Blackwell rum is a premium & spiced Jamaican rum produced in the purest tradition of this mystical and emblematic island.

When we speak of emblems and Jamaica, we immediately think of a certain Bob... Chris Blackwell was Bob Marley's musical producer.

Thus he conveys all the enchantment and history of his island through his rum.

The results speak for themselves: Blackwell is a bold, quality rum blended in Jamaica by Joy Spence following the recipe and balance developed by J. Wray & Nephew. This unique rum will satisfy the most exacting of top mixologists, as well as pleasing the taste buds of most rum drinkers.

An ideal rum for Tikis.

A slightly woody rum in the purest tradition of its category, an intensely coloured rum with hints of bronze.

Blackwell donates a portion of its profits to the Oracabessa Foundation, which runs projects to support Jamaica's people and environment.

Proof: 40°

Packing: 6-bottle case
